LIVE WEBINAR WITH MEMBERPRESS CEO BLAIR WILLIAMS TO REVEAL ONLINE COURSE
INDUSTRY TRENDS, MONEY-SAVING STRATEGIES

CEDAR CITY, UTAH, DEC. 9 — MemberPress, WordPress membership and LMS plugin, to air a live webinar featuring CEO Blair Williams on Dec. 15 at 1 p.m. ET. The online event is for entrepreneurs in the courses industry and is free to attend. A Q&A session will follow. Seats are limited, and the registration link is here.

Titled, “How To Create A Killer Online Course Without Suffering An Alarmingly Costly LMS”, the hour-long webinar will introduce course-creating tools that eliminate the need for an expensive LMS. Instead, Williams will cover how to create an online course that:

1. Generates recurring revenue, with creators securing 100% of their profits.
2. Increases opportunities for additional income streams and expansion.
3. Adapts to any economic environment for a future-proof business strategy.

MemberPress Growth Manager Curt Noble said, “Too many creators think the only way to sell a course is to use a major LMS. But the big-name platforms charge third-party fees that cost users thousands. We’re excited to introduce more affordable course-building options, including our MemberPress Courses tool, for anyone interested in starting or upscaling their online courses business.”
